Hi Danny,

Just wanted to circle back to this. We don't have any CAD files and per Deb, the PDFs you provided are of better quality than ours.

Sorry that we couldn't be more helpful.

Thanks,

Danny – We only have PDF files for the building, and actually, our PDF of the P-1 garage level is not as good as the one you have. Tracey is out until Weds. but will contact you if you need to get something done on CAD.

Hi Danny,

I received both email requests. I don't believe we have any cad files for the building.

I'm out of the office until Wednesday. If Deb's schedule permits, she will check our files and get back with you before then.

Thanks.

Danny

Is it possible for us to get this turned into a CAD file? We will need to provide the vendor who wins the furniture bid with specifications for the ramp and loading dock. This is the best drawing I have

Thanks

Phil
